

www.resiliencelearningpartnership.co.uk

Resilience Learning Partnership is a Training & Education Provider with a dual purpose. We work across the health, social care, education, housing & criminal justice sectors. We specialise in Trauma Informed Practice and lived experience. We inform policy and strategy through our work, ensuring that lived experience is at the heart of all public policy making decision areas.

We are a lived experience led organisation and currently 82% of our workforce have lived experience of psychological trauma. We work to the foundational principles of CHOICE, COLLABORATION, EMPOWERMENT, TRUST & SAFETY following the guidelines from the national Transforming Psychological Trauma Framework and Training Plan (NES- NHS Education for Scotland 2018/19). <https://www.nes.scot.nhs.uk/education-and-training/by-discipline/psychology/multiprofessional-psychology/national-trauma-training-framework.aspx>

Our vision: People with lived experience are valued and are thriving. They are supported by authentic and meaningful relationships within safe, nurturing environments. They are at the heart of public policy, decision making and service design.

Our Mission: We will create space for people with lived experience to be heard, valued, and supported, enabling them to discover their potential and realise their ambitions. As a lived experience led organisation, we will influence positive changes across Scotland enabling services to better engage and support people with lived experience.

Lived Experience Leadership Programme | Tuesday 19th March

Resilience Learning Partnership

Session Title:

Trauma Informed Practice and Employing People with Lived Experience
