

In 2021, we have given over £1 million to support charities in the Channel Islands.

Lloyds Bank Foundation for the Channel Islands gives grants to charities helping disadvantaged people play a fuller role in the community. The Foundation also provides developmental support including mentoring, to help charities to improve their resilience and sustainability.

Our strategy is determined by our Board of Trustees, who meet three times each year to discuss and agree grant applications.

We support charities which demonstrate good governance and sustainable activities measured against identifiable outcomes. For full details on the Foundation's priorities, what we fund, what we can't fund, and how to apply please visit:
